

HEAD START

News

Happy Spring Head Start families! As we move through the last two months of Head Start for this school year, please be sure to turn in any outstanding in-kind activities you've completed at home with your child. Early Head Start families can continue to submit those activities throughout the summer months. We hope you continue to see the amazing growth that we have seen in your children and are excited for the next few months!

Family Engagement

Enjoying your first beautiful spring day outside is something you look forward to all winter long. Be prepared and be safe for whatever you and your family may be planning to do outside as well as inside on those rainy spring days.

Children gain new skills when they engage in the world around them and need responsible adults to minimize health and safety risks.

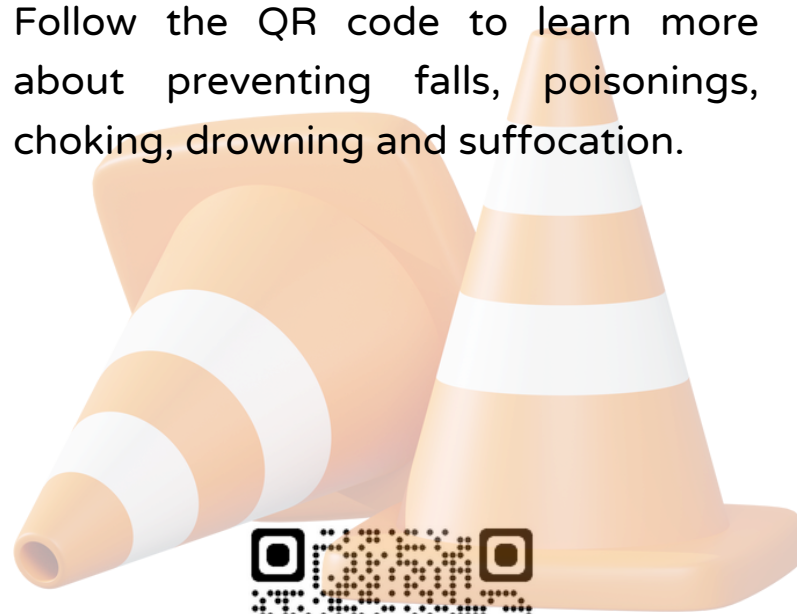

Follow the QR code to learn more about safety and injury prevention.

Health/Safety

Injury prevention starts at home, and there are many simple things at home you can do to protect your family from injury.

Follow the QR code to learn more about preventing falls, poisonings, choking, drowning and suffocation.

Accepting Applications!

We are currently taking applications, completing eligibility determination intakes, and accepting families for the 2025-26 Head Start program year. If you have younger children or if you know other families who may benefit from enrollment in Head Start, please share our contact information with them. We know that current and former parents are the best recruiters for Head Start and we're asking for your support to help us spread the word.

Head Start programs maintain full enrollment up to 30 days before the end of the program year. Families who were not able to enroll during the current year must reapply to be considered for placement next year. Families who were enrolled as over income need to complete new eligibility determination intake with staff before being considered for placement. Site staff will reach out to you if you need to complete new eligibility determination.
